

Future in Detention
April 1, 2010
10:00 am – 12:30 pm

Agenda

1. Welcome and Introductions

2. Discussion Points:

- The impact of decreasing bed accessibility to Counties that do not own facilities.
- Fiscal responsibility and cost management associated with decreasing daily occupancy.
- The identification of current unmet behavioral health and social needs of that could be addressed by the expertise existing with current staff within the detention system.
- The identification of best practice/utilization of facilities that are being reclassified from secure to non-secure.
- The potential impact of the reauthorization of the Juvenile Justice Delinquency and Prevention Act (JJJPA) resulting in an expectation that those under the age of 18, that have been charged or committed a criminal offense, would not be held in adult jails.

3. Suggested Strategies for Moving Forward
